

About This User's Manual

This manual is designed to assist users in using one of the Vigor 2900 series of Internet security routers. Information in this document has been carefully checked for accuracy and, however, no guarantee is given as to the correctness of the contents. The information contained in this document is subject to change without notice. Should you have any inquiries, please feel free to contact our support via E-mail, Fax or phone. For the latest product information and features, please visit our website at www.draytek.com.tw.

DrayTek Limited Warranty

We warrant to the original end user (purchaser) that the routers will be free from any defects in workmanship or materials for a period of three (3) years from the date of purchase from the dealer. Please keep your purchase receipt in a safe place as it serves as proof of date of purchase.

During the warranty period, and upon proof of purchase, should the product have indications of failure due to faulty workmanship and/or materials, we will, at our discretion, repair or replace the defective products or components, without charge for either parts or labor, to whatever extent we deem necessary to restore the product to proper operating condition. Any replacement will consist of a new or remanufactured functionally equivalent product of equal value, and will be offered solely at our discretion. This warranty will not apply if the product is modified, misused, tampered with, damaged by an act of God, or subjected to abnormal working conditions.

The warranty does not cover the bundled or licensed software of other vendors. Defects which do not significantly affect the usability of the product will not be covered by the warranty.

We reserve the right to revise the manual and online documentation and to make changes from time to time in the contents hereof without obligation to notify any person of such revision or changes.

Be a Registered Owner

Online web registration at www.draytek.com.tw is preferred. Alternatively, fill in the registration card and mail it to the address found on the reverse side of the card. Registered owners will receive future product and update information.

Safety Instructions

- Please read the installation guide thoroughly before you set up the router.
- The router is a complicated electronic device that may be repaired only by authorized and qualified personnel. Do not try to open or repair the router yourself.
- Do not place the router in a damp or humid place, e.g. a bathroom.
- The router should be used in a sheltered area, within a temperature range from +5 to +40 Celsius.
- Do not expose the router to direct sunlight or other heat sources. The housing and electronic components may be damaged by direct sunlight or heat sources.
- Keep the package out of reach of children.
- When you would like to dispose of the router, please follow the local regulations on conservation of the environment.

European Community Declarations

DrayTek Corporation declares that the Vigor 2900 series of routers is in compliance with the essential requirements and other relevant provisions of R&TTE Directive 99/5/EC. The ISDN interface of Vigor 2900*i* and Vigor 2900*Gi* is designed for the ISDN network throughout the EC-region.

Customer Support

Please prepare the following information as you contact your customer support.

- Product model and serial number,
- Warranty information,
- Date that you received your router,
- Brief description of your problem,
- Steps that you may take to solve it and their associated SysLog messages.

The information of customer support and sales representatives are support@draytek.com.tw and sales@draytek.com.tw, respectively.
